UKCoaching's Partnership Development Manager, Dave Reed, we are able to offer a free UKCoaching subscription (usually £24.00) for active coach educators and all coaches attending British Rowing L2 Session and Club Coach courses.

This is a huge resource for us to use for our own interest and development and to guide others towards using. Please do encourage coaches to use the subscription and resources when you are tutoring or assessing.

To subscribe, please go to <https://www.ukcoaching.org/join-uk-coaching-club> , click on Join Now at the bottom of the subscription column and register for an account as requested. At the payment page, you will see a Discount code box - please use **RowCoach22**

You will be taken to the UKCoaching/British Rowing branded pages which have been designed so that rowing coaches can navigate to and access relevant material.

If you have feedback on the content or questions, Dave is happy to receive these directly dreed@ukcoaching.org

Aimed at people who want to assist coaches, supporting rowers getting on and off the water. This has been very useful to parents of QEHS rowers who now assist and help out at sessions and events.

Diploma in Sporting Excellence

Currently have 4 athletes in the region going through this as per Junior Commissioners report.

DiSE opens again in April this year and I have attached a flyer about the prerequisites for any athlete wanting to pursue this.
