

NRC REPORT From BR Divisional Representative

NRC meeting Jan 2024

Grants

After a lot of grant applications the last couple of months have been quiet.

The grants sub group would like to gather opinions on how long a grant application should be valid.

Level 2s are taking a while to be assessed because of the lack of assessors in the area.

Other regional business

The chair (Helen) and the regional rep (me, Gabrielle) continue to have meetings with the other chairs and reps, regularly, with the BR chair and other senior BR committee. Helen and I are meeting online with Alastair (BR chair) tomorrow to discuss governance. If anyone has a question regarding governance please let me know, we haven't received an agenda but if appropriate it could be raised.
