

NRC REPORT From BR Divisional Representative

NRC meeting 19 June 2023

Grants

Tees have requested funding for 1 person to attend the level 2 coach training course, this was agreed by the grants subgroup

TARC have just requested powerboat training for 9 people at a cost of £900. GM asked why so many people all at once and feedback was that the insurance last time it was quoted requested that powerboat drivers be qualified.

Since this could affect other clubs (are all powerboat drivers qualified ?) this could prove expensive.

TARC also are submitting a request for 2 level 2 coach courses to be funded.
