

NRC REPORT From BR Divisional Representative

NRC meeting June 2024

Grants

In the weeks since the NRC meeting in April we have had level 2 coaching course grant requests from Tyne ... “both for training coaches to teach the 2024 Tyne Youth Rowing Project, which will engage 100 schoolchildren from 10 school groups in rowing and which focuses around teaching children life skills through rowing.”

Other regional business

We have had a great deal of discussion re the state of the river, the pollution in the river and the cloudy “plumes” around Collingwood landing stage...

Jasper, Tom, the Trevs Captain and Richard Mortimer have all been involved in the discussion.

Cox weigh ins

I was happy to hear positive comments about the cox weigh ins at Durham Regatta 10 days ago.... Good to note that comments have been listened to and changes made, thank you.
