

NRC REPORT From BR Divisional Representative

NRC meeting Sep 2023

Grants

We have had a lot of grant applications recently.

8 from TARC for powerboat courses @ £100 each,

And 3 level 2 courses @£250, that's just since the last NRC meeting.

Last week we had a request for support of 4 more level 2s for the course which had already started. As stated on the website applications should be made before the course starts. This is under discussion.

Other regional business

None to be reported back at the moment apart from.... we will be looking to make a plan and objectives going forwards to feed back to BR
