

## **NRRC Executive Committee meeting on 17 June 2024**

### **Report from Dan Lockey on LDS**

No updates for LDS and Equipment other than as below.

LDS - I need to schedule a wash up meeting LDS 2023 and a pre LDS 2024 meeting too. I'll look to do these post summer racing and pre holiday period.

Equipment - the PA kit was successfully sold to Talkin Tarn who now possess it. The radios and loudhailers are still under NRC possession.

This will be my last year doing this. As the AGM falls after the LDS series, I will see out this years (2024) programme for LDS (ending with Durham 2nd November) and Equipment (ending with Rutherford Head 30th November). At this point the equipment (Radios and Loudhailers) will need a new home as of 1st December.

Please can conversations be started so I know where I need to drop the equipment too on or around this date.

Many thanks, Dan
