

NRC Executive Committee - 25-04-22

Event Coordinators Report

Events 2023 – 2024

All regatta, LDS and Heads have been submitted to British Rowing and pending approval. I submitted these to the committee a while back and can't envisage any changes.

Events 2024 – 2025

I will start to work on these shortly as a Tees are requesting future dates due to their facilities being booked up for weddings. I have advised that I can only look so far in advance and we have the added complication of the tides. Work in progress.

CLS – Autumn Sprint Regatta Affiliation

This is with British Rowing and is pending. They will confirm soon.

BR Competitions Calendar

RM highlighted some mistakes. These look to be correct now.

National Dates

These are being put onto the British Rowing Spreadsheet in good time, this helps with planning.

Summary

I will start to build a spreadsheet for NRC with future proposed dates including national events, so we have a long term view of events in planning. Work in progress.
