Touring in NE England

This seems a difficult venture to get into, and I don't know where to start. One way forwards could be to repeat a previous northern BR tours in 2025, as a practise run. Tours have previously been run (3-8 days) in the Lakes, Lancaster, on the Aire and Calder, and in Ripon. Day trips and inter club trips are usually popular, here is an open invitation for a day out in September:

Hi All

Hope you're all enjoying some decent weather at last!

This is the first year the West Midlands have run a Recreational League, and the idea seems to be gathering momentum in the region.

To help raise the profile further, we'd like to invite 'seasoned' recreational crews from across the UK to join us on our last event of this year's league season on Saturday 21st September. The event will be held at Stourport Boat Club and will take the form of a 2000m timed head piece. Crews and guests would be welcome to join us after racing for our awards presentation and a bite to eat in the SBC club house.

Crews may like to stay over on Saturday night and row the 6km upstream and boat off at the picturesque town of Bewdley. (no locks!)

We can normally rustle up boats locally so please let me know if you have crews interested in coming.

With best wishes

Paul Danby
