

Tyne Amateur Rowing Club

Car parking advice for rowing events at Newburn

Parking at clubs

Trailers and towing vehicles can park at their host clubs, as per the advice to clubs when issued. This will be at Tyne ARC or Tyne United. There is no parking for competitors at clubs, except for club mini-buses. NUBC grounds are closed with no parking, as water-logged

Competitor parking

Competitors are advised to park in the public car park at the Country Park (west) end of Grange Road on the north (Newburn) side of the river (top left in map overleaf), and walk back along the riverside to the clubs - it's not far!

Where not to park!

Please **do NOT park** on **Water Row (the narrow road down to Tyne ARC)** or on **Grange Road** outside the terraced housing or on **Station Road** down to the lights from the main road or on the **immediate bridge approaches** either side of the river. **Or on the grass verges anywhere!** Lastly please do not park in the Activity Centre car park.

Please note that at previous events the police have issued fines for parking in dangerous locations or where it might restrict access for emergency services. See map overleaf with no-go areas marked in red and car parking in blue.
